EDUCATIONAL STUDIES IN MATHEMATICS

Volume 44 Nos. 1–2 2000

Special Issue
Proof in Dynamic Geometry Environments
Guest Editors: Keith Jones, Ángel Gutiérrez and Maria Alessandra Mariotti

Guest Editorial 1–3

GILA HANNA / Proof, Explanation and Exploration: An Overview 5–23

MARIA ALESSANDRA MARIOTTI / Introduction to Proof: The Mediation of a Dynamic Software Environment 25–53

KEITH JONES / Providing a Foundation for Deductive Reasoning: Students' Interpretations when Using Dynamic Geometry Software and Their Evolving Mathematical Explanations 55–85

RAMÓN MARRADES and ÁNGEL GUTIÉRREZ / Proofs Produced by Secondary School Students Learning Geometry in a Dynamic Computer Environment 87–125

NURIT HADAS, RINA HERSHKOWITZ and BARUCH B. SCHWARZ / The Role of Contradiction and Uncertainty in Promoting the Need to Prove in Dynamic Geometry Environments 127–150

COLETTE LABORDE / Dynamic Geometry Environments as a Source of Rich Learning Contexts for the Complex Activity of Proving 151–161

Instructions for Authors 163–170

Educational Studies in Mathematics presents new ideas and developments which are considered to be of major importance to those working in the field of mathematical education. It seeks to reflect both the variety of research concerns within this field and the range of methods used to study them. It deals with didactical, methodological and pedagogical subjects rather than with specific programmes for teaching mathematics. All papers are strictly refereed and the emphasis is on high-level articles which are of more than local or national interest.

Printed on acid-free paper

Photocopying. *In the U.S.A.*: This journal is registered at the Copyright Clearance Center, Inc., 222 Rosewood Drive, Danvers, MA 01923.
Authorisation to photocopy items for internal or personal use, or the internal or personal use of specific clients, is granted by Kluwer Academic Publishers for users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service, provided that the fee of USD 19.50 per copy is paid directly to CCC. For those organisations that have been granted a photocopy licence by CCC, a separate system of payment has been arranged. The fee code for users of the Transactional Reporting Service is 0013–1954/2001 USD 19.50.
Authorisation does not extend to other kinds of copying, such as that for general distribution, for advertising or promotional purposes, for creating new collective works, or for resale.
In the rest of the world: Permission to photocopy must be obtained from the copyright owner. Please apply to Kluwer Academic Publishers, P.O. Box 17, 3300 AA Dordrecht, The Netherlands.

Educational Studies in Mathematics is published monthly except during November. Subscription prices (2000) volumes 41–44 (11 issues): EUR 664,79/USD 698.00 (print *or* electronic assess); EUR 797,75/USD 837.00 (print *and* electronic assess) including postage and handling. Individuals may subscribe at the reduced rate of EUR 291,33/USD 321.00 including postage and handling.
Periodicals postage paid at Rahway, N.J. USPS No. 995–440.
